

# WELCOME TO SPEEDiagnostix

How To Know You're Good To Go

Thank you for choosing SPEEDiagnostix as your oil analysis provider. We've supplied the following instructions to guide you through our process. Whether this is your first time submitting an oil sample or simply the first time using SPEEDiagnostix, please follow the instructions listed below.

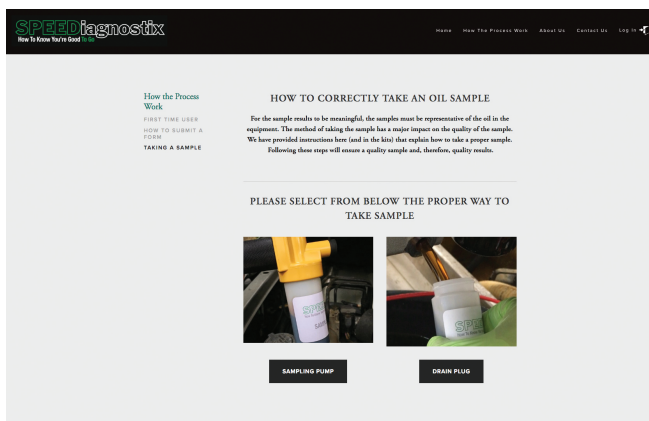

## Step 1: Establish an account

Got to [SPEEDiagnostix.com](http://SPEEDiagnostix.com) and click on "How The Process Works." First time users, follow the instruction to set up your free account.

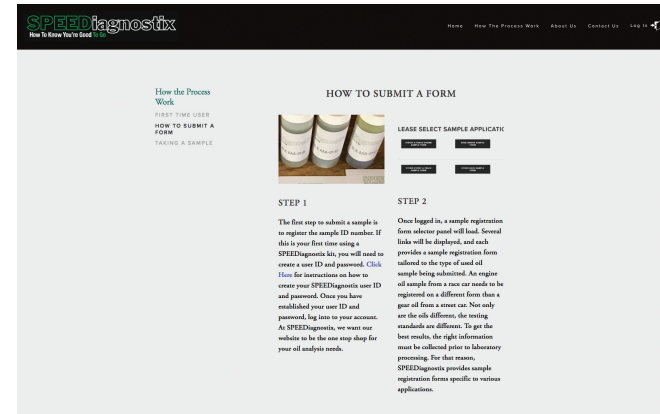

## Step 2: Take the sample

Tips on how to properly take a sample are listed on the website.

## Step 3: Submit the form

Use the online submission form to enter the information about your sample. Without this, your sample cannot be processed.

## Step 4: Mail the sample

Use the pre-paid and self addressed Priority Mail box provided in the kit to send the sample. Just place the sample bottle in the plastic bag, and then insert it into the box. Seal the box and drop it in the US mail.

## Step 5: Read the report

The report will be emailed to the address listed in the submission form. An explanation of the report format and terminology is provided on the website. Please contact us if you have any questions.
